

Asian Dyer

ASIAN DYER is a specialized bi-monthly journal for all those involved in chemical processing of textiles, be it in fibre or yarn or fabric form. It offers unparalleled technological information on dyestuffs, speciality chemicals and auxiliaries, processes and machinery for dyeing, printing and finishing, testing equipments and utilities. In every issue, it covers general technological developments and features of specific interest to the processing sector and is proud to enjoy the highest standards of editorial content.

ASIAN DYER is not just a journal, but a medium of putting the international community of researchers and industry in touch with one another.

By subscribing to ASIAN DYER, you will be amazed at the impact it will have on your business. To subscribe - just mail the form below with the requisite payment and look forward to getting updated regularly.
